

INTRODUCING

CVR[®] IL CONNECT

CUSTOMER VEHICLE REGISTRATION
THAT WALKS THE WALK.

When it comes to vehicle registration, let us connect the dots to your DMS, the state and your customers. CVR[®] IL Connect provides automotive dealerships throughout Illinois with fast, secure, certified electronic titling and registration.

Instead of mailing paperwork, then having customers return in a few weeks to pick up their plates, registration and decals, they can drive off the lot with a completely registered vehicle.

CVR IL CONNECT KEY FEATURES AND BENEFITS

NEW

Cloud-Based Connect Platform

An intuitive user experience with real-time data, automatic updates, notifications and easy, secure, in-house system administration for streamlined processing.

NEW

Comprehensive Reports and Views

Stay informed and gain insights with expanded reporting and flexible views of deals. Quickly search and filter to find data fast.

NEW

Centralized Processing

Have multiple locations? The single sign-on feature allows users access to multiple stores and associated reports based on role and permissions assigned by you.

NEW

Tax Return Only Transactions

For out of state vehicles, use the convenience of the Tax Return Only transaction.

NEW

Insightful Dashboards with Reminders and Quick Links

Interactive dashboards, inventory reorder reminders, quick links to everywhere you need to go, and printing of forms provides for efficient, fast transactions.

NEW

Easy Printing and Transaction Recall

Save time by printing while in the transaction or easily recall a deal later to reprint.

NEW

NMVTIS-Branded Vehicle Record Lookup for All States

The comprehensive vehicle branding conditions inquiry for informed decisions on potential trade vehicles just got even better. Save time with the new batch-upload feature. Avoid fines and lawsuits associated with registering branded vehicles.

NEW

Flexible Access

Connect with a Microsoft[®] Surface device.
