

FAST – SECURE – CERTIFIED

Retail Dealership EVR Software

CVR-IL provides Electronic Vehicle Registration (EVR) with the Illinois Secretary of State that allows dealers to provide registration and renewal services to their customers *on site at your business location*

- Title and Register Vehicles
- Issue and Transfer License Plates and Stickers
- Renew Registrations
- Inquiries – by VIN, Plate Number, or Title Number

Service is convenient and cost effective for dealers of all sizes.

- Eliminate runners and increase productivity
- EFT of Registration Fees and Sales Tax
- Provide exceptional customer service
- Generate revenue for the dealership

Fully supported Windows-based software runs on your computers and connects using your high speed internet connection.

- Flexible and easy to use
- Training and technical support included
- EVR is a joint development of CVR, ISOS, and IADA

Automate your title and registration process and eliminate wasted time, improve customer service and generate revenue.
