

FAST – SECURE – CERTIFIED

Retail Dealership EVR Software

CVR-IL is a **Dealer Use Only** software solution for the Illinois registration, title and tax functions that also remits funds electronically

CVR-IL includes **one-on-one training** with real time **800# support**

CVR-IL has been **established for 8 years** and currently supports over **1,600 Illinois clients**

Your dealership can process **full titles** at your desk top and receive a negotiable title within 7 days.

Your dealership can process **duplicate and corrected titles** at your desk top and receive a negotiable title within 7 days. **Lost titles** become a 30 second issue.

The sales tax is accurately computed on an **ST-556 or Rut-25** form while your dealership has 100% cash flow control as to when it is paid.

Lost registration cards become non-issues and are quickly resolved at the time of delivery.

Vehicles receiving **transfer plates leave with a valid registration card** and the transfer is recorded in a live temporary SOS database. **Expired registration cards** resolved at the time of delivery

No more calls from your Lien Holders looking for the title. Titles issued within 7 days of final processing.

License and Title work changes from an expense to a new revenue stream generating an additional **\$15.00** per vehicle.

And above all the dealership benefits you find **customers now prefer the service.**
